Action Taken Report 2022-23
School of Computing

Recommendation 1	The BOS considered the proposal and appreciated for the introduction B.Tech program in Computer and Communication Engineering with specialization in Chip Design for undergraduate program. After the detail discussion, the BOS gave the recommendation for the same.

Action Taken	Responsibility	Target Date
The Council took note of the recommendations of the Undergraduate Program Committee. The detailed structure and content of the program was prepared in consultation with experts relevant to this field of study. Afterward, with due approval from academic council the decision was put into action.	Chairman, BOS	Jun 23

Recommendation 2	The Board looked at the contents of the Meeting of the Academic Council held on 5th April 2022. For IT Minor, the Board suggested that for non Engineering majors, additional courses of Problem Solving and Programming (CSF101) and Data Structures (CSF 102) can be added in the existing CSE minor offering to cover the prerequisite knowledge needed to take all other courses of CSE minor.

Action Taken	Responsibility	Target Date
The Committee took note of the recommendations of the Board that the additional courses of Problem Solving and Programming (CSF101) and Data Structures (CSF 102) can be added in the existing CSE minor offering to cover the prerequisite knowledge needed to take all other courses of CSE minor. Afterward, with due approval from academic council the decision was put into action.	Chairman, BOS	Jun-23
